

MICHELIN® MI-ICEGRIP-01 x Gravity®

ICE GRIP PROPERTIES

Specialised compound and tread design deliver confident grip on ice and low-traction surfaces.

HEAT RESISTANT UP TO 300°C

Maintains performance in high temperatures, resistant up to 300°C on brief exposure.

FUEL OIL RESISTANT

Engineered to resist degradation from fuel oil exposure.

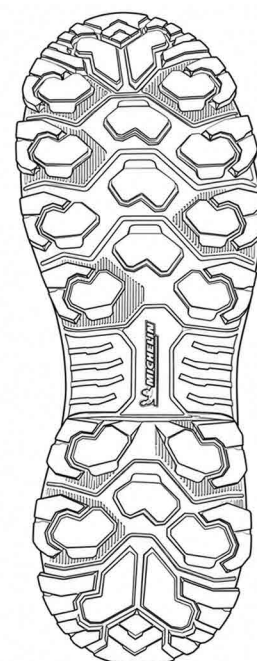

ENHANCED CE SR SLIP RESISTANCE

Advanced slip resistance that meets the enhanced CE SR slip resistant standard.

LADDER-GRIP TREAD

Ladder-grip tread pattern enhances traction and delivers advanced slip resistance.
